

UN & PID Submission Shells

Symbolic Scaffolds for Escalation and Rights-Based Reporting

Overview:

This module supports survivor-authored complaints to: - The United Nations - Public Interest Disclosure (PID) bodies - Commissions or shadow report platforms

All templates are symbolic in nature and protected by the McLoughlin Charter.

COMPONENT 1: UN Complaint Template Shell

Includes: - Framed denial or structural harm - Glossary-aligned impact narrative - Optional pseudonym logic (symbolic tag) - Reference to relevant convention (e.g., CRPD)

Format: .docx, .pdf, and webform-ready (coming soon)

COMPONENT 2: PID Draft Scaffold

Use when: internal misconduct, concealment, or risk to community is involved.

Structure: - Type of wrongdoing (e.g., maladministration, negligence) - Evidence summary (symbolic ok) - Reprisal protection tag (optional pseudonym) - Designated recipient (oversight body or minister)

Output: Shell generates either a printable letter or civic petition

COMPONENT 3: Shadow Report Tile Builder

Purpose: submit your experience as one 'tile' in a collective symbolic report.

Template Includes: - What happened (50–250 words) - What changed or didn't - Optional system suggestion or glossary keyword

Aggregation Format: Exported in UN-compatible format (.docx/.json hybrid)

 **Access to submission shells is available on request.**
